NUMBER 125.

HOW RECRUITS ENTER

The Army of Transvaal Through Portuguese South Africa.

ACTION OF CHICAGO CONTINGENT

In Taking Up Arms For Boers Is Reported by United States Consul II y to the State Department.

Washington, April 19.—United States Consul Hay of Pretoria has notified the state department by cable of the reported action of the members of the Chicago ambulance corps in taking up arms in the Boer army, instead of continuing with the hospital corps, to which they had pledged themselves upon leaving the United States. Apparently the Portuguese authorities at Lorenzo Marques had doubts as to the actual neutrality of these men, for the party was detained many days at the port before they were allowed to proceed over the railroad to Pretoria. The dispatches stated that a letter from Miss Barton turned the tide in their favor. Miss Barton was said to have declared that certain members of the party were known to her, and believed to be going under true colors. The officials here say that nothing can be done by the government to prevent such violations of faith as are reported from South Africa. The men did not go out with arms, and so did not fulfill the legal description of a filibustering party, which would have enabled the United States to prevent their departure. Similarly, the Portuguese authorities probably found themselves obliged to let the unknown men pass through Lorenzo Marques, and it would appear that unless the British government can induce the Portuguese to take a different view of their obligations, Portuguese South Africa will remain an open doorway for recruits entering the Transvaal.

SURVEY OF THE WAR.

Report That Boers Will Destroy Johannesburg Mines.

London, April 19.—The arrival of General Carrington at Beira, Portuguese East Africa, and a reiteration of the report that Boers intend blowing up the Johannesburg mines, are the only items of news that mark the war cables.

Some weeks must elapse before General Carrington will be able to concentrate his force on the borders of the Transvaal or approach Mafeking. According to a rumor in circulation at Lorenzo Marques, a Boer force has been sent to intercept General Carrington, but it is not thought to be of sufficient strength to cause anxiety.

The Natal Mercury is responsible for the renewed fears concerning the accounts from newly-arrived refugees, saying elaborate preparations for the destruction of all the Johannesburg shafts have been carried on under the supervision of the state mining engineer, who is alleged to have requisitioned all the copper wire in the town for the purpose of making connections.

The Bloemfontein's dispatches remain full of a trivial details, but are absolutely silent as to the future.

According to a dispatch from Ladysmith the Boers are much disconcerted by the present condition of affairs. Their fortifications and forces, numbering 15,000 men, are spread over ridges in contemplation of a British advance through the Waschbank valley, north of Ladysmith, which has not been occupied. The Boer patrols are very active and, are constantly laying traps.

A proclamation issued at Cape Town allows trading between Cape Colony and the occupied portions of the Orange Free State to be resumed.

A patrol of Cape police near Boshof captured two Boers, oxen, some wagons and 200 head of cattle.

Two Germans, who recently arrived at Cape Town, have been sentenced to a year's imprisonment for having suspicious possession of 100 rifles and 600 cordite cartridges.

Has Roberts Advanced?

London, April 19.—There is a strong impression in the best informed military circles that the advance of General Roberts army has already begun, under the guise of a deliberate attempt to entrap the Boers who have been besieging Wepener. Columns are admitted to be in motion from Allwal North and Reddersburg for the relief of the garrison of Wepener, but it is suspected that there are other columns operating further north, which have not been mentioned by General Roberts, and that under the pretense of cutting off the retreat of the Boer raiders he has entered upon a great turning movement, which will render the enemy's position north of Bloemfontein untenable. The rigor with

which the censorship is enforced seems to corroborate this theory.

A Private Audience.

The Hague, April 19.—Queen Wilhelmina will give a private audience to the Boer peace commission, at which Dr. Leyds, the diplomatic agent of the Transvaal, will be present.

SCHOOL BOARD

Of a California City Forbids Employment of Consumptives.

Alameda, Cal., April 19.—The board of education of this city has adopted a rule forbidding the employment, as teachers in the public schools, of any persons who are afflicted with tuberculosis. This action is in line with efforts being made elsewhere to prevent the spread of consumption.

Bishops in Secret Session.

New York, April 19.—Nearly 50 bishops of the Protestant Episcopal church began a secret session in the church mission house. It was learned that the chief object of the conference was to determine on the resignation of Bishop Henry Jackson, former coadjutor bishop of the diocese of Alabama, about Jan. 1. Ordinarily the resignation of the bishop would come up before a meeting of the house of bishops, but in view of the circumstances surrounding the present case, the present session of the bishops was called to act on the case. Bishop Jackson's resignation was accepted, but there has been no decision as to his successor.

Virginia Bond Case.

New York, April 19.—What is known as the Virginia bond forgery case came up for trial when Julius S. Schroeter, a manufacturer of Forest Hill, N. J., was placed on trial for forgery in the first degree before Judge Newberger in general sessions. Schroeter is charged with forging the names of D. R. Revely, treasurer of the commonwealth of Virginia, and H. H. Dyson, second auditor of the state, to a bond of the issue of 1882, which he is also accused of having hypothecated. Schroeter is alleged to have got hold of bonds of the commonwealth of Virginia, and raised \$100,000 on them.

Trial of Attorney Anderson.

Denver, April 19.—The trial of W. W. Anderson, the attorney who shot H. H. Tammen and F. G. Bonfils, proprietors of the Denver Post, in their office on Jan. 13, 1900, began on the charge of attempting to kill Mr. Tammen. Alfred Packers, the "man-eater," for whom the Post was endeavoring to secure a pardon, and for whom Messrs. Bonfils and Tammen alleged Mr. Anderson procured money by false representations, will be brought from the penitentiary to testify for the prosecution.

An Investigation Requested.

Washington, April 19.—In the senate Mr. Chandler offered and secured the adoption of a resolution directing the committee on printing to investigate the compilation and publication of the work on the messages and papers of the presidents, "the result of permission given to private persons to use the stereotyped plates, the distribution of copies of the work, the copy-righting of the work, and all material facts relating to the compilation of it."

Death of a Negro Politician.

New Orleans, April 19.—Henry Demas, one of the best known negro politicians in the south, is dead. Demas was a prominent figure here throughout reconstruction times, and was a member of the state senate until eight years ago. President McKinley appointed him three years ago to a lucrative naval office, but charges involving his integrity were pressed so vigorously that the senate finally rejected the nomination.

Train Service Crippled.

Jackson, Miss., April 19.—Train service on the roads running out of Jackson is still badly crippled as the result of the recent flood, and it is not likely that regular schedules will be in operation before the first of next week. The Alabama and Vicksburg system suffered another break in its track between Jackson and Vicksburg, and all trains are abandoned until repairs can be made.

Ohio Postmasters.

Washington, April 19.—The president sent the following Ohio postmasters to the senate: Fred Schansie, Jr., Elmwood Place; Thomas G. Moore, Barnesville; Peter Housel, Sbrève.

Opening of Baseball Season.

Chicago, April 19.—The baseball season opened in various cities in both the National and American leagues. The weather was bright and pleasant.

Death of Senator Sheldon.

Topeka, April 19.—Former Senator S. E. Sheldon died of heart trouble.

The Weather.

For Ohio and West Virginia—Increasing cloudiness; fresh westerly winds, becoming high and shifting to northeasterly.

LEFT CROTON LANDING

Striking Italians Trek For More Congenial Surroundings.

RINGLEADERS OF STRIKE ARRESTED.

They Are Charged With Threatening to Inflict Bodily Harm on Persons Who Are Anxious to Go to Work.

Croton Landing, N. Y., April 19.—One of the most startling effects of the presence of the militia at the Croton Valley dam is the anxiety exhibited by many of the more peaceful of the striking Italians to pack up their little belongings and seek work elsewhere.

Fully 50 of them left the Croton Landing railroad depot, bound for New York. None of them would say very much, but all of them acknowledged that they were going to look for work in some other quarter, as they wished to avoid trouble. That they were scared by the imposing military display is certain, and even among the belligerent Italians the coming of the troops has had a salutary influence. At 7 a. m. work was resumed, but there were no more laborers on hand. Only the same gang of about 30, who have been quartered at the works, turned out, and very little progress was made.

General Roe said that the outlook was much more promising, and that while there was only a few laborers on hand, the fact that absolute protection would be afforded those who wanted to return to work would undoubtedly prove effective.

Ten men have been placed under arrest in the Bowery. There was no attempt at resistance. Warrants for the arrest of the ringleaders of the strike were issued by Judge Lent of Sing Sing, who holds court in White Plains. The complainant is Peter E. Stevens, the timekeeper for the contractors. The several charges are having in possession deadly weapons, drilling under arms with intention to inflict grievous bodily injury, and threatening to injure public property and threatening the lives of persons anxious to resume work. Ten arrests have been made. The prisoners will be taken to White Plains jail to await examination.

Mrs. Robb's Plans.

Chicago, April 19.—Mrs. J. B. Robb, whose testimony before the congressional industrial commission in this city created such a sensation on account of the stand which she took against the labor unions, gave out the details of a plan by which she expects to organize thousands of wives of workmen throughout the country, together with the nonunion men, in a movement against what she terms "Trades Union Tyranny." Within a few days thousands of cards will be distributed among the employees of nonunion employers setting forth the scope of the movement and requesting signatures to a monster petition to the city, state and national governments for the maintenance of the constitutional rights of workmen, and insisting that protection be given to nonunion workmen.

Secured an Advance.

Indianapolis, April 19.—The following telegram was received at the headquarters of the United Mine Workers from G. A. Purcell, national board member, at Central City, Ky.: "We have made a settlement at 13 2-3 per cent advance. Semi-monthly pay day." The advance is for all the miners, who have been on strike in the central Kentucky field. It is now thought at headquarters that the Jellico, Tenn., miners will get a settlement soon and return to work. The Kentucky advance is not equal to that given at the Indianapolis interstate agreement made January last.

Will Come to Ohio.

New York, April 19.—President McKinley will leave New York shortly after midnight Sunday for Canton, O. He will stop over for several hours in Washington on Monday to sign bills and transact whatever other important business may await him.

Slaughter of Cattle Ordered.

London, April 19.—The board of agriculture has issued a notification at Deptford, the landing place for cattle near London, ordering all arrivals of cattle from South America to be slaughtered within five days. It is presumed that this action has been taken in connection with the discovery of foot and mouth disease among South American cattle.

Foraker Resolution Adopted.

Washington, April 19.—The Foraker resolution providing for the administration of civil affairs in Porto Rico, pending the appointment of permanent officers under the Porto Rico law, was passed by the senate.

ENGLAND INTERESTED.

In the Controversy Between United States and Turkey.

London, April 19.—Keen interest is manifested here in threatened action of the United States against Turkey, particularly in view of the sultan's recalcitrancy in connection with the increase of the customs duties. The fourth collective note of the embassies objecting to an increase of 3 per cent in the duties on account of the bad condition of Turkish finances, without a previous understanding with the powers, was handed to the Turkish government, but Turkey maintains such a firm attitude that the suspicion is growing that some covert intrigue is frustrating the effect of the news.

The St. James Gazette says: "It will be interesting to watch the game of procrastination to which Europe is accustomed being played with the United States. America has entered the European arena, and apparently has no intention of standing any humbug from the Turks. Why should she? The eastern question has no terrors for a power with a whole ocean between herself and the Balkans. The president thinks the sultan has had grace enough, but if America sets foot in Asia Minor, perhaps she will find that neither Russia nor Germany will be uninterested spectators. From ourselves she will get nothing but sympathy and good will."

The Pall Mall Gazette says: "Abdul Hamid and the steam roller are quite used to dodging around each other without damage to anybody, but the brigue hurry of the American government must be rather disconcerting. These Americans, so far from playing a game, are positively talking of seizing Smyrna." The papers generally think Abdul Hamid will pay up.

The Turkish Muddle.

Washington, April 19.—All Ferrouh Bey, the Turkish minister to the United States, will call at the state department to ascertain what foundation there is for the reports that the administration is preparing to hand him his passports, in the event that the sublime porte declines to pay the missionary claims pending against it. Similar queries will be made by representatives of European governments in Washington. The state department is maintaining a discreet silence, although it is known that when Secretary Hay returns from New York he will sign a peremptory note to the sublime porte demanding prompt action upon American claims. All Ferrouh Bey, in discussing the matter, declared that Turkey is not responsible for the claims, as it had given adequate protection to foreigners residing within its boundaries during the revolution some years ago. Those close to the Turkish minister declare that the United States would be a greater sufferer than Turkey if the diplomatic relations were suspended.

Will Get Another Invitation.

Chicago, April 19.—Spain's minister to the United States, the Duc D'Arcos, is to be invited to attend the thirty-fourth national encampment of the Grand Army, to be held in Chicago in August. William H. Harper, executive director of the local committee, said that the invitation will be forwarded in a few days. An acceptance is expected, notwithstanding the fact that the duke was irritated by the receipt of a request that he attend the Dewey celebration.

Catholic Instructions.

Chicago, April 19.—At the session of the Catholic colleges of America and Canada, Very Rev. Patrick S. McHale of the Niagara university opened the debate with a paper on "Religious Instructions in College." He was followed by Rev. John P. Carroll of St. Joseph's college Dubuque, Ia., with a paper entitled "Teaching of Modern Languages in College."

Change of Ministers.

Madrid, April 19.—On account of dissensions among its members, the ministerial council has been displaced by a new one. No disturbances followed the change of cabinet. Four of the newly-appointed ministry were members of the retiring cabinet, namely, Senor Silvela, General Azcarraga, Marquis De Villaverde and Senor Dato.

Carlisle Declines.

New York, April 19.—John G. Carlisle said that he had been asked by Governor Taylor's counsel to appear for him in the United States supreme court in the Kentucky appeal, but that he had declined to do so because he was too busily occupied with other matters.

New York, April 19.—It was discovered the fire which destroyed the bedstead and mattress factory of Charles P. Rogers & Company resulted in the loss of one life. While exploring the building the body of Henry Hughes, a cotton picker, was found in a bale of cotton weighing 700 pounds.

DELEGATES HAVE ROW

Shooting Scrape at the Alabama Republican Convention.

DICK'S PLANS FOR PEACE FAILED.

After the Factions Had Been Cleared Out of the State House Building They Met in Separate Halls For Business.

Montgomery, Ala., April 19.—It seems certain that two conventions and two sets of delegates to the national convention will result from the meeting of Republicans of the state being held here. There is a bitter factional fight between the followers of State Chairman Vaughn and their opponents, led by Bingham. All efforts to harmonize under the program arranged at Washington by Secretary Dick of the national committee has failed, the committee of 20 failing to agree.

A row among the delegates to the Republican state convention started before the body had been called to order. After a scene of great excitement, accompanied by some shooting, in which one man was seriously hurt, the governor cleared both factions out of the state house building and grounds.

The convention was scheduled to meet at noon, but a rule for the admission of only uncontested delegates caused confusion and delay. Gaston Scott, a Vaughn man of Montgomery, was at the rear door guarding it when Moragne of Etowah county, who had been appointed sergeant-at-arms by a majority of the executive committee, demanded admittance and was refused.

This caused a war of words and Moragne shot Scott once in the thumb, once in the breast, and one shot went wild. Scott made an effort to shoot. This started a great uproar. Moragne was carried to the governor's office, where he was when Taylor Scott, a brother of the wounded man, ran to the outside door of the governor's office and fired two shot down the hall, but hit no one.

He was stopped and quieted by bystanders. After the statehouse had been closed to them the Bingham faction went to Dorsett hall, and the Vaughn side to the auditorium. Two conventions were held.

A Harmonious Outlook.

New York, April 19.—All signs point to a harmonious meeting of the Democratic state committee in this city. Former Senators Hill and Murphy are coming to the city, and will be in consultation with John F. Carroll, the representative of Richard Croker, and James H. Shevlin and Senator McCarran, the representatives of Hugh McLaughlin of Brooklyn. Mr. McLaughlin's health is very poor, and he will not be a delegate to the national convention. The leaders have tacitly agreed to hold one of the state conventions this year in New York city, and the other in one of the interior cities, Albany preferred. There seems to be no opposition to Bryan.

Protest of Minority.

Nashville, Tenn., April 19.—The Republican state convention met in the capitol and was called to order by Congressman Brownlow, chairman of the state executive committee. Delegates whose seats were not contested were admitted to the hall by ticket, while those whose seats are contested congregated in the corridors. The minority (Evans) members of the state committee presented a protest against the action of the majority of the committee in the matter of admission by tickets.

Loss to Mines.

Cripple Creek, Colo., April 19.—Circular letters from the Philadelphia smelter at Pueblo have been received by mine and sample managers offering to take Cripple Creek ores at the old rate. Twenty dollars an ounce will be paid for the gold, and a treatment charge on contract ore of from \$9 to \$10 is offered. It is the general belief that the smelter trust will be compelled to meet this advance in rates, and that the mill owners will so advance the price of gold and reduce the treatment charges. The smelter trust is now paying only \$19.50 for the gold. This means a heavy loss to scores of mines that have been shipping high grade ore running all the way from 10 to 400 ounces a ton in carload lots.

Anderson, April 19.—John Podmore, 54, was shot and killed by his son, Edward Podmore, 20. The son claims that he killed his father to save his mother's and his own life, both of whom had been attacked by the elder Podmore with a hatchet. Mrs. Podmore had filed suit for a divorce. Podmore was a skilled rodmill worker. The son is in jail.

SECRETARY ROOT'S PETS.

A good piece of work accomplished by the Democrats, under the leadership of Senator Jones, was the blocking of Secretary Root's scheme for delivering to a single corporation the exclusive right to dredge for gold along the beach at Cape Nome. Root had arranged this very nicely, so that a big concern, made up of New York capitalists, had secured such licenses from the war department as would equip it with a virtual monopoly of this business. The scheme had progressed almost to complete fruition when it was detected by the Democrats, and vigorous protests made both by Senator Turner of Washington and Senator Jones. As a result of the protests and the accompanying agitation, this action was rescinded and the rich mining ground thrown open to all. The Secretary tried to explain that his action was not intended to create special privileges, but the Senate evidently looked with suspicion on his methods, for it passed a bill which, when made law, will give others than Secretary Root's pet corporations access to the gold-bearing sands.

THE IMMENSITY OF TRUST PROFITS.

Imagine a combination of twenty companies, managed by a little band of trustees, having a combined capital of \$97,250,000, increasing that capitalization to \$600,000,000, and forcing the people of the United States to pay a high rate of interest on the ocean of water represented by the latter fabricated valuation!

This is what former Attorney General Monnett, of Ohio, in the Chicago Tribune says the Standard Oil Company of Ohio is doing, in defiance of the decree of the Supreme Court of that State.

The trust pretended to dissolve its combination, and though forbidden to pay dividends to the trustees of the trusts, it has paid since March, 1892, when the decree of the Supreme Court of Ohio was made, upwards of thirty quarterly dividends, the first twenty-three at 3 per cent., and paid 45 per cent. in specials up to 1893-114 per cent. in a little over three years, or \$110,865,000 on the capitalization.

The estimated annual dividends for nine years past, including that of 1900 at \$50,000,000, is \$237,000,000, all exacted of consumers at a monopolistic price ranging from 200 to 400 per cent. more than the normal price would be with open competition.

This is the trust which has forfeited its charter in Ohio, but continues on in defiance of law or judicial prohibition. What will be the end?

THE HANNA SUBSIDY BILL.

The luxurious steamship St. Louis, owned by the Standard Oil crowd, is of 11,029 tons. Her speed is "twenty-one knots or over" per hour. So much space is taken up by engines and by gorgeous cabins and card rooms that she carries only about 3,500 tons of cargo. By the terms of the subsidy bill, even as amended, the St. Louis would draw from the Treasury about \$20,000 for each round trip.

An average freight steamer of 6,000 gross, that is measured tonnage, carries 7,500 tons of cargo. Such steamers are slow, usually less than eleven knots. The subsidy of the freighter over the same route as the St. Louis would be, by the amended bill, \$1,740.

The freighter carries wheat, corn, pork, cotton, flour. The "ocean greyhound" carries millionaires and expensive manufactured products, usually the surplus manufactures of some trust sold abroad for less than the people of the United States can buy them. Where does the farmer come in? What does he get for his share in the subsidy?

The highest subsidies by this bill as amended are to be paid to swift steamers. American farm products go by slow steamers, but immigrants come by fast liners. The four Standard Oil ships that float the American flag reserve almost as much space for immigrants as for cargo and draw subsidy on this space at a figure double that paid the freighters. Three of these ships last year brought in 11,341 steerage passengers, and this year the numbers are larger, and the foreign built ships of the same company brought in over 21,000 more.

The subsidy bill pays twice as much to ships employed in bringing hither immigrants to glut the labor market as it does to ships which carry American farm products to foreign markets. That is what the Republicans call stimulating American exports.

Eighteen pounds best granulated sugar for \$1 at H. E. Langdon & Co.'s.

DIED IN KANSAS.

A Former Resident of Mason County Passed Away April 4th at Rosedale, near Kansas City.

Mrs. F. A. Mackoy died at her home in Rosedale, Kansas, a suburban town of Kansas City, Mo., April 4th, of pneumonia, aged nearly eighty-one years. She was the wife of John T. Mackoy and they with their nine children were born in Mason County, in and immediately around Dover.

They left Dover in October, 1859, for Monroe County, Mo., but came back to Dover in 1863, and moved to their farm in Wyandotte County, Kansas, seven miles west of Kansas City, in 1868, where they lived until about ten years ago, when they moved to Rosedale, where John T. Mackoy, the husband, died seven years ago. Six children survive her.

Says the Dover News in speaking of her death: "Her grandfather, Lewis Craig, a Baptist minister, was imprisoned in Virginia in revolutionary times for preaching the Gospel, and Patrick Henry rode sixty miles on horseback to defend him. He, then, with his whole church—some four hundred in all—emigrated to Kentucky on horseback and in wagons, and he settled in Mason County, at the old Craig homestead, two miles south of Dover on the Minerva pike. In this place several generations of Craigs rest in the old family burying ground.

"The old Craig house was among the first brick houses built in Mason County, and was built at such an early date that nails could not be had, and the shingles were put on with wooden pins.

"Mrs. Mackoy had many friends and relatives in Dover and Mason County who will learn of her death with deep regret, but they have the consolation of knowing that she died as she had lived, a truly consecrated Christian, and has only passed over the river to await their coming."

NATIVE OF MASON.

Mr. E. F. Taylor Patents a Preparation for Preserving Railroad Ties.

Mr. E. F. Taylor, formerly of this county, now living in California, has secured letters patent on a preparation for preserving railroad ties, that is destined, it is thought, to revolutionize the matter of having the ties renewed so often on account of rot and decay.

Mr. Taylor sent samples of the preparation to several railroads pending the issuance of the patent, and they adopted it and continued using it, and he has now brought suit against the Southern Pacific to compel an accounting therefor, and will likely get judgment for the full amount claimed.

Several roads in Mexico that got hold of the preparation and used it will also be forced to settle.

PROPERLY fitted glasses will preserve your sight and relieve your headache. Come to us and we will give them a scientific examination, for which we make no charge and guarantee a satisfactory fit or your money back.

BALLENGER, jeweler and optician.

The funeral of Mrs. Rebecca Ball takes place Saturday morning at Shannon, at 10 o'clock. She died suddenly Thursday morning at 6 o'clock, aged seventy-eight years. When she arose she was apparently in the enjoyment of her usual health. Her husband, Squire John M. Ball, survives, with one daughter, Mrs. Richard Harris.

A SCIENTIST says that "if the earth was flattened the sea would be two miles deep all over the world." On reading this a Kansas editor gave out the following: "If any man is caught flattening out the earth shoot him on the spot, and don't be too blamed particular what spot. There are some of us in Kansas that can't swim."

A SUPPLY of postage stamp books has been ordered sent to the following first-class post-offices in Kentucky: Covington, Lexington, Newport, Louisville. The following second-class offices will also be supplied with stamp books: Ashland, Bowling Green, Danville, Frankfort, Henderson, Hopkinsville, Maysville, Owensboro, Paducah and Winchester.

The annual meeting of the Kentucky Division, Travelers' Protective Association, will be held in Louisville on Saturday, April 21, at 10 o'clock a. m., in the Exchange Hall of the Board of Trade building. The business session will take up most of the day, and at night an elaborate banquet will be given at the Louisville Hotel in honor of the visiting delegates.

ASHLAND News: "A professional bum came to this city Tuesday morning from Ironton, claiming that his home was in Maysville, and posing as a dentist by profession. He made the rounds of the professional men, but was given the cold shoulder by some of them and roasted by others. He was turned down by everyone he met. He left this afternoon very much hurt at his cold reception."

His Life Was Saved.

MR. J. E. LILLY, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store. Every bottle guaranteed.

THE

Corset Problem!

We have studied it for years, we've sought corset wisdom from many other corset students and the knowledge that comes from this study convinces us there is no better corset in the market for the needs of the American figure than the P. N. It is a corset made especially for American women. It is shapely, easy fitting, fashioned on graceful lines. Each corset is boned throughout with rust-proof steel and has cork-protected rust-proof clasps. No broken steels and underwear spoiled with rust stains. The P. N. Corsets correct abdominal obesity and a broad thick figure, present a beautiful curve over the hips and a straight front effect—in a word, give graceful outlines with more solid comfort than any corset offered the American trade.

Several styles to meet the needs of all figures, several prices to meet the needs of all purses.

\$1.00, \$1.25, \$1.50.

We have in our window a display of this meritorious corset which is to your interest to see. Every "P. N." guaranteed the utmost satisfaction or your money is refunded.

GERMANTOWN.

Will Butcher visited his family this week.

Mr. Lamundy is occupying his new house.

The protracted meeting is still in progress. Three additions to date.

The friends of Claud Clary, at this place, sympathize with him in the loss of his wife.

Thos. H. Ball and Charles Wightman made a trip to Cynthiana last week on business.

Sam Thomas returned Saturday from Oklahoma where he spent the four last months.

Willie Dixon, of Maysville, was here this week to attend the funeral of Miss Nannie Erlon.

Miss Nattie Cooper, of Maysville, is the guest of her grandparents, E. R. Harris and wife.

The household goods of Mrs. Jane Stiles has been removed to Maysville which will be her future home.

Mrs. Lusko, an aged lady near here, died Sunday morning, April 15th, and was buried Monday at McKendrie.

T. H. Bell and E. A. Griffith attended the dedication of the K. of P. hall at Feliety, Ohio, the night of the twelfth.

Rev. Holmes, of Augusta, spent the night with A. Williams on his way to preach the funeral of Mrs. Clary at Shaumou.

Geo. Erlon and wife, of Carlisle, Julian Erlon, of Paris, and Mrs. Ketchum, of Cincinnati, attended the funeral and burial of their sister and niece, Miss Nannie Erlon.

Charles Hindman and Miss Etna Gallagher were married Wednesday night at the home of the bride's parents. The newly wedded couple will make their home in Cincinnati. Wishes of a long life, much happiness and prosperity go with them.

Our little town was shrouded in gloom Monday morning, April 16th, when it was known that the spirit of Miss Nannie Erlon had taken its flight to the God who gave it. She was a young lady of unusual good qualities, beloved by all who knew her. The family have lost their stay, the town a noble woman and the poor a generous friend. She was thirty-three years of age. Had lived a consistent church member for a number of years and died a triumphant death and entered into the rest prepared for those who labor for the Lord. She leaves a father, three sisters and two brothers to mourn their loss.

GORGEOUS beyond description is the general verdict of the press regarding Dickson & Mustard's "Fall and Rise of Humpty Dumpty." The Cincinnati Times-Star of Sep. 18th says:

It is an ambitious rival of the favorite old pantomime of "Humpty Dumpty." The company is a large one, and spectacular effects are elaborate and on a most generous scale and the ballets are pleasing. The transformations are made with wonderful rapidity by the aid of modern mechanical effects, and the principal speaking parts are in capable hands. There is an unusual abundance of grotesque figures and the stage settings are gorgeous. In the second act a number of entertaining specialties are introduced, the best of which is the acrobatic comedy work of Eddie McDonald, who also makes a very acceptable "Humpty Dumpty." Mr. James K. Adams is an exceptionally good Harlequin, Miss Frayne a very pretty Columbine and W. H. Bartholomew a characteristic Pantaloon. The mechanical effects are well arranged and the general effect is most pleasing. Taken all in all, this is the most magnificent pantomime given during the last decade.

To be seen here for the first time at Washington Opera House Monday, April 23rd.

A Word to Women.

Any sick woman is invited to consult by letter with Dr. R. V. Pierce, Chief Consulting Physician of the 'Invalids' Hotel and Surgical Institute, Buffalo, N. Y. In an active practice of more than thirty years, assisted by a staff of nearly a score of associate physicians, Dr. Pierce has treated and cured over half a million women. All diseases peculiar to women are treated with success. This consultation by letter is absolutely free. Every letter is treated as strictly private and sacredly confidential. Answers are mailed promptly, giving the best of medical advice. All answers are sent in plain envelopes, bearing on them no printing of any kind. Write without fear and without fee to Dr. R. V. Pierce, Buffalo, N. Y.

FANCY Bartlett bears in heavy syrup, 10c. a can at H. E. Langdon & Co.'s.

BORN, Thursday morning, to the wife of Mr. James Redmond, a fine daughter.

FISHING is said to be very good now at the North Fork, particularly at night, for catfish.

JAMES G. A. MIDDLETON, of Tolleston, has been granted an increase of pension—\$8 to \$10.

THE Court of Appeals Thursday reversed the Commonwealth against Myers, taken up from Mason County.

SEE our display of wall paper. Rich reds, blues, browns and greens.

J. T. KACKLEY & Co.

THE annual reunion of the Grand Consistory of Kentucky, Ancient and Accepted Freemasonry, is being held at Louisville.

THE gross earnings of the Louisville and Nashville for the second week in April were \$486,100. Corresponding week of last year \$448,835. Increase \$37,265.

MR. J. JAMES WOOD was elected as Elder at the recent meeting of Ebenezer Presbytery at Crittenden to represent the Presbytery in the General Assembly at Atlanta in May.

FOUR hundred men went to work Thursday morning on the Ohio Valley Electric Railway, which will connect with the street car line at Huntington for Catlettsburg, Ashland and other towns.

DR. PANGBURN and Mr. J. E. Parker have effected an exchange of their residences on south side of Second street, west of Mitchell Chapel. Mr. Parker gives his residence and a cash consideration for Dr. Pangburn's residence.

REV. MR. CRAM, of Erlanger, is preaching at the Washington Methodist Church, morning and night. He is very attractive, both as to matter and manner, and full of zeal for the souls of men. It's worth the while of any one to hear him.

REV. GEORGE E. RAPP will again devote a part of his time to the Dover Methodist Church, South. He will enter upon the work at that place next Sunday, preaching morning and evening. Rev. W. S. Taylor has resigned as pastor and has moved his family to Georgetown, Ky., where it is said he will enter college.

DR. FAYE WALKER, who visited in this county a short time since, President of Oxford College, has resigned on account of the ill health of his wife. Mrs. Walker is the daughter of Rev. Robert Morris, the second President of the college, who was a native of this county.

A YOUNG soldier lately returned from Manila reports that there were thirty five monkeys brought over in the vessel on which he came, by the soldiers. He himself brought one as a pet. He said that one soldier, thinking to escape the custom dues on one of the little creatures, put it in his gripsack, and upon opening it found the monkey dead, of course.

THE April term of the Fleming Circuit Court will convene next Tuesday. The docket will be lighter than usual in the way of civil business, there being all told 213 civil cases on the docket, of which 174 are equity and thirty-nine common law. Of the thirty-four appearances, twenty-five are equity, including eight divorce cases, and nine are common law. There are a number of criminal cases on the docket which may consume a good deal of time.

SAVINGS OF SENECA.

It Would Be a Good Idea for Talkative People to Heed Some of Them These Days.

Editor Bulletin: Another man's wife has just been here at my house to see my wife and to tell her all about everything, especially as to what people are saying about one another, as to their goings and comings, their debts and clothes, their children and servants, their contribution to the Sunday school work, to the missionary enterprises and all that sort of thing. I know very well it is useless to try to stop the people in this dirty old town on the banks of the river from talking about one another, but what I want to say is this, that two or three thousand women around here would save themselves lots of trouble and worry if they were not so desirous of learning what other women are saying about them. Before going any further I will say that I have just read a page from the "Sayings of Seneca" and have laid down the book with the thought in my mind that the people of old Rome, 2,000 years ago, were about the same kind of people that live in Maysville in this morning dawn of the twentieth century.

The sentences from the pen of the wise man of the imperial city on the banks of the Tiber that impressed me were as follows: "It is good for every man to fortify himself on his weak side. If he loses his peace of mind he must not be too inquisitive and hearken to tale-bearers, for one who is ever curious to see and hear everything multiplies troubles to himself, for he does not feel what he does not know." He that is listening after private discourse, especially as to what people are saying of him, shall never be at peace!"

It is of excellent caution not to believe anything until you are very certain of it, for many probable things prove false and a short time will make evidence of the undoubted truth.

We are prone to believe many things which we are unwilling to hear and so we conclude and take up a prejudice before we can judge. In the first place let us not be too credulous; some people frame stories that may deceive us; without making the best of everything, there is no living in society with mankind."

Yours truly,
NEWTOWN.

The police department of Springfield, Ill., recently gathered up and destroyed all sign boards which were placed about the streets for advertising purposes. Among those taken in were such as had been placed against buildings, the electric poles and other supports, in an attempt to get valuable space without permission and without expense.

HON. CLINTON J. PRATT will deliver the address at Vanceburg Memorial Day.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Charles H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

The Season Opens

For knocking "flies." The championship contest began Thursday, and the first inning occurred at our store, where may now be had full returns, in the way of the best WINDOW and DOOR SCREENS for the money procurable in Maysville. A little precaution now will save a heap of trouble later on. BUY YOUR SCREENS EARLY BEFORE THE FLIES COME. We have them in all sizes and can save you money without a doubt.

FRANK OWENS HARDWARE COMPANY.
